## WHAT'S HAPPENING WITH CONSTRUCTION?

Our renovation continues although construction efforts may seem to have slowed down around the club.

"We're still moving in the right direction, we just have to wait for one task to be completed before we move on to another," says co-owner, Eddie Jacques. "For example, we can't hang sheet rock in certain areas until the electrical wiring has been done. It doesn't make sense to put up sheet rock only to tear it down again."

There have been other areas updated around the Club. The awning that frames the staircase

has been painted. The pit has been dug for steel beams that support the elevator. We also carved out the wall for the new Front Desk area and Pro Shop doors near the front entrance. "Plumbing has also been run for those areas as well as the new bathrooms upstairs," Jacques mentioned.

Eddie also noted that floors won't be installed in the lobby area and downstairs portion of the Club until we are in the last phase of construction so they can remain in good condition. "If floors are laid now, we would just ruin them in the middle of the other projects."

## CONSTRUCTION CONTINUES..

Work has also been completed near the back of the locker rooms with new tile and paint so Members now have a better transition when moving from the Fitness Room to the Indoor Courts.

So what's new with the Restaurant? The kitchen equipment should be delivered within the next month and sheetrocking should also begin in the restaurant. Electrical and sheetrocking the HVAC closet should follow soon after and we will finish up with demo'ing the fireplace. We will also be installing a black drop ceiling once we can complete the wiring in the upstairs area. Patience is the key. Renovating a 40-year old building is a lot harder than it looks. Until then, we appreciate your continued support and patience - this is all for YOU!

## Member Appreciation NEWMEMBERMIXER

Have you recently joined Athletic Club Alabama? If so, then we would like to invite you to our New Member Mixer on October 23 from 5 to 7 pm at our South location. Our staff will be contacting new members individually to provide you with the details so be sure to save the date! 

## SOUTH FACILITY UPDATE

Our South location has undergone a few changes of its own! In the past couple months, we have insulated the racquetball courts, repaired the front AC units, as well as replaced some older components on the rear AC units. We have upgraded the outdoor lighting and are re-doing the duct work in our Rock Wall. Special thanks to some of our Members for heading over to our South location to see the changes for themselves. Don't forget we have two clubs for your benefit, whether it's fitness, racquetball, or just to spend a day on our rockwall, the choice is yours.

THIS MIGHT JUST BE THE COOLEST TENNIS TOURNAMENT IN TOWN.

*Not only will you have a chance to get out there and show your stuff... but you will also have the chance to watch history in the making!*
